

# A D V E R A N K <sup>TM</sup>

Chances are you have already heard about Adverank and our groundbreaking tools that help you manage your google **Pay Per Click & Social Media** advertising.

Adverank's A.I. powered tools send you **daily** email alerts that let you know if you should adjust your PPC spend or if one of your facilities could use a social media ad boost. Not only that but you can access your data anytime you want with the easy to use **Adverank.Cloud** online platform that lets you see your most important data, such as revenue, move ins, and move outs, in real time and broken down by week, month, and year.

YES. WE INTEGRATE.

That's right, Adverank makes PPC **management** easy while keeping you in the drivers seat and more informed than ever. No more needing to wait for the next monthly meeting to see how your facilities are doing. You can now carry this data in your pocket.

Now, you may be asking, "**How can Adverank do all of this**"? Simple, Adverank integrates with all major storage management software, such as Sitelink, StorEdge, Tenant, Self Storage Manager, and more.

Adverank uses this API **integration** to gain access to all the up to date data we need so our A.I. powered platform can combine that information with google ad data and your own **occupancy** goals to give you the best daily spend suggestion customized for each location.

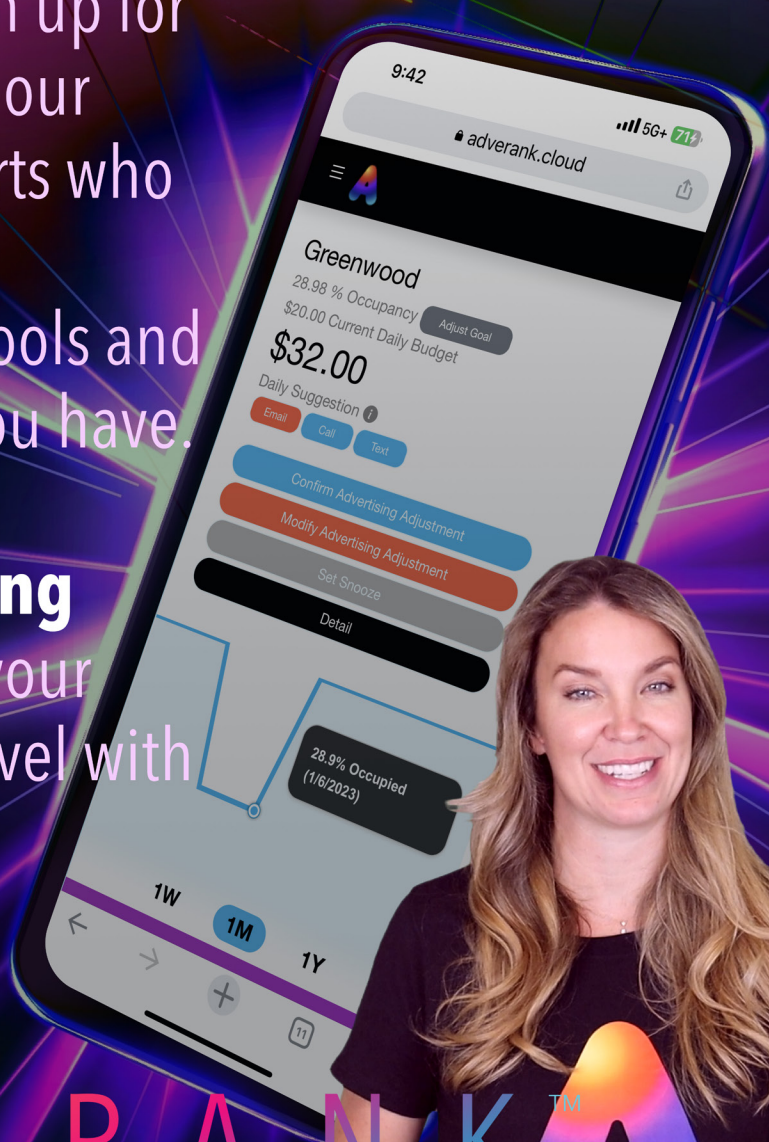

YES. WE INTEGRATE.

You can find out more about everything Adverank has to offer along with lots of **free** self storage resources at [Adverank.com](https://adverank.com).

While you are there, sign up for a free demo with one of our storage marketing experts who can walk you through Adverank's easy to use tools and answer any questions you have.

Simplify your **advertising** management and take your marketing to the next level with Adverank today.

YES. WE INTEGRATE.
