THE POWER OF PPC FOR SELF STORAGE!

SELF-STORAGE

PPPC POWER

**UNLEASHING THE PPC
POWER OF ADVERANK**

In the high-voltage realm of **digital advertising**, the surge of storage operators engaging in pay-per-click (PPC) marketing has been as significant as the spread of energy in a bustling power grid. Among the myriad tools and strategies available, Adverank stands out as a powerful cell, charging operators with the ability to optimize their **PPC** campaigns and navigate the ever-evolving online advertising landscape with ease.

THE POWER OF PPC FOR SELF STORAGE!

CHARGING UP YOUR PPC STRATEGY

Just as a battery fuels electronic devices, Adverank energizes **PPC campaigns** with its innovative tools and recommendations. The core strength of Adverank lies in the daily **PPC Budget Adjustments** sent via email, empowering operators to view and implement these suggestions in real-time through our user-friendly browser-based application.

THE 'POWER' OF DAILY RECOMMENDATIONS

Adverank's PPC prowess lies in its ability to provide daily recommendations for budget adjustments, catering to individual occupancy goals and PPC performance. Much like a battery, which adapts to power demands, Adverank's **proprietary software** tailors suggestions based on the ever-changing digital algorithms, helping operators steer their campaigns toward success.

EASY-TO-USE BROWSER PLATFORM

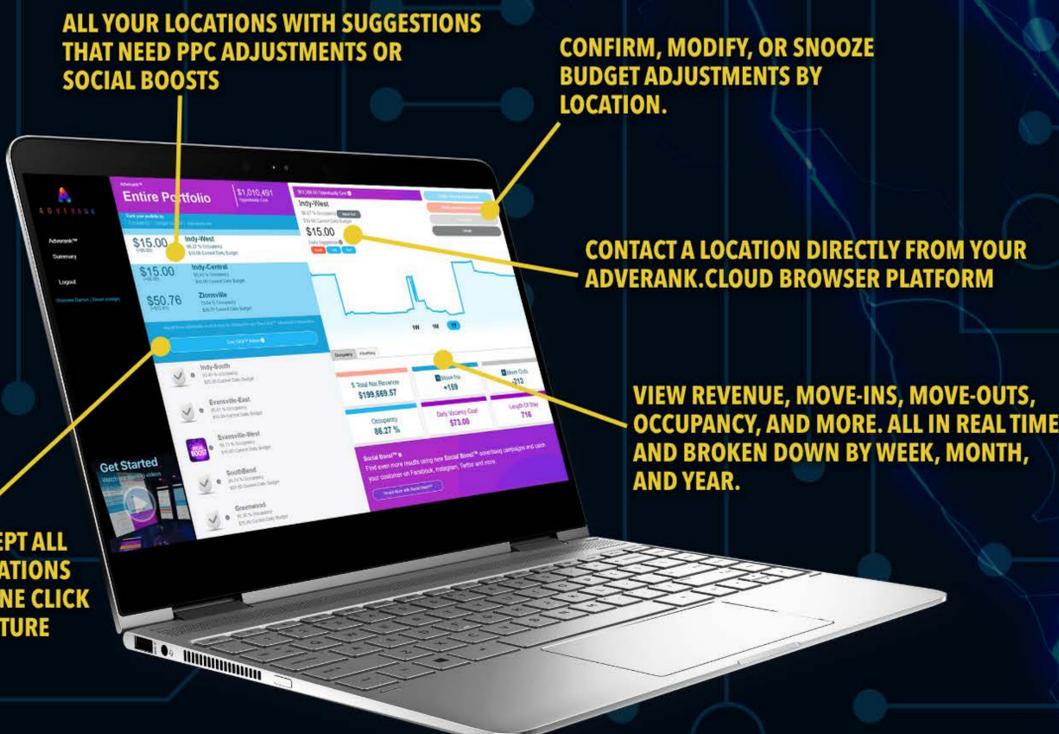

Adverank's **browser-based** platform acts as the essential battery housing, containing the energy to manage and control self-storage ad campaigns effortlessly. It presents clear, actionable recommendations, including One-Click-Adjustments for portfolios, Facility Modifications, and Social Boosts, all easily accessible on any internet-capable device.
